Lack of detail on maps makes specific comments impossible. I own 1100 acres in the pathway between US 60 and Socorro, New Mexico. Most is irrigated farm. I oppose any encroachment on this property. Moving corridor West of I-25 from its intersection with US 60 would involve minimal private land. The valley's irrigation system is not involved West of I-25. Is this path a right-of-way or condemnation? Are there more detailed maps available? Has the route been investigated on the ground or by drawing a line on a map?
